4 I've always loved the way a vagina
5 looks - slightly hidden within its kitten
6 like hair. A privileged area for every mans
7 delight & occasionally women beaver gawk
8 too. But an over trimmed Puff takes
9 away its splendor. I do understand
10 Hygiene, but trimming it to a little strip
11 is a bit to much - I prefer a wolly
12 mamoth style and "maybe" quick snip
13 over its door so its manageable - Really
14 thow I wonder has America ~~gotten~~ for
15 gotten her wild heritage...
