FOR ALL THE BIG BEAUTIFUL LADIES!! I LOVED THEM ALL.

Theoretically speaking... I know what a life is like with a Big Beautiful Lady by my side. I know what Big Women are like & what they want out of their precious lifestyle. All Big Women make common cause in; Self-Aggrandizement, Self-Aware, Self-Confident, Self-Control, Self-Determination, Self-Discipline, Self-Esteem, Self-Knowledge, Self-Possessed, Self-Respect, Self-Sufficient, Self-Taught and they have a wishful thinking about what type of Gentleman they are looking for. ~~What~~ They are looking for somebody to love them for who they are, accept their size & figure and not make them feel trepidation in their own heart. They want happiness in their lifetime, they want to feel exemplary about themselves, they need somebody to know their Needs, Wants, Feelings & Problems while being with them. I will never use you like a dog, will never discard you as if yourself was worth nothing in life to me or my friends, you will never feel sorry for yourself again because I am going to show how I treat you as a APHRODITE and to breathe into a better life with me.

Personally!! Myself loves Big Beautiful Women in general because they need a strongly willingly Man who can honestly, truthfully relate to their Needs & Desires. You don't have to worry about being insecure or being slighted by somebody who don't like you for your size and figure. A desire for; Love, Parental, Marital Contract, Respect, Honestly, TLC, Great listener, Great Lover, faithful, Truthful, Attention, Cuddly, Complimentary, etc. Can cause compulsive desires; For Boredom, Slighted, Depression, Unhappy, Unworthy, Unfaithful, Uncommitted, Undesirable and Insecurity. Most Big Women in general fit the category up on top. Most big women in general will take things to the Heart on words that are offensive to her. "FAT" is a disrespectful word too

called a Big Beautiful Women because that offense her ego and put her on Spot too having Insecurity about herself, how she looks, feels and see herself in the mirror on a daily to daily basic. Big Women tried so hard onto finding a True Gentleman who can understand them more better in life. Will never use the words fat or will I make jokes about Big Beautiful Women because in my heart and soul that is very disrespectful to any Big Beautiful Women. In general speaking and I will never judge you for anything Goddess.

Truth is stronger than lies; your beauty ideal should not be based on the opinions of others. Defining your true grace and virtue is an invaluable key to a lifetime of personal well-being and happiness. You owe it to yourself!! A Big Beautiful Women in general have ^{wonderful!} wonderful different body types, facial features, hair textures, heights, proportions and shapes. You should strive to celebrate your natural assets and discover the proper tools to enhance them. It's often said that beauty is in the eye of the beholder. So look in the mirror and behold. Because beauty is you. Too known what a Big Beautiful Precious Women want is very pretty much easy to doing for me personally because I've dated them before! So if you got any Questions or Comment please write to me at the address below, Thank You Very

Much, Please take care of yourself.

D.S. I'm not a perfect person but, you can bet your life that I'll always treat you as a wonderful princess cause I loved Big Beautiful Women dearly in life.

P.S. Ask yourself this question: Do you want somebody to despise who you are or do you want somebody too adored and admired your size from head to toes?
