

How are you doing B+B viewers This week I hope well, I would like to talk about Marijuana and Alcohol, how one is not illegal and the other is legal both drugs cause harm just as much as the other. Marijuana should be legal just like Alcohol. Once upon a time Alcohol was illegal to drink but the Government Pass a bill and made Alcohol legal to drink. If you compare Alcohol and Marijuana together to see what drug does the most harm to society it would be Alcohol not Marijuana. You don't see people checking themselves in to rehab over Marijuana. You don't see people abusing their love one over Marijuana. You don't see people having blackouts cause they smoke Marijuana. If you see somebody committing a crime while on Marijuana nothing but Marijuana I'm here to tell you the person is a natural criminal he or she do not need any drug to cause harm or commit a crime that person is a natural criminal. From my experience from smoking Marijuana it did not make me want to commit a crime it made me feel relax, it calm my nerves, it made my mind slow down, some time it made me feel like a player and it made me want have sex. Every body I was around who was smoking Marijuana was laid back and calm. My drug of choice is Marijuana cause if I drink Alcohol it's not pretty to see me I act a fool when I drink and that's why I don't drink cause I know I will get in to trouble.

With Alcohol you see people checking in to rehabs cause they have a problem with Alcohol you see people who drinks get in to bar fights hitting their spouse and family members. You see people who drink commit crimes and those people who drink Alcohol are able to do the most ugly things like sexually assault women even some time kids. Alcohol cause more car accident then Marijuana. I never heard of Marijuana poisoning but I have heard of alcohol poisoning. Compare Alcohol to Marijuana and see which one is more harmful then the other clearly Alcohol out weigh Marijuana. Marijuana was once used as a therapeutic drug for people who was serving in the army or people who has glaucoma so Marijuana does more good then Alcohol. People don't go in to rage while smoking Marijuana but people do go in to rage while drinking Alcohol so the Government should legalize Marijuana and have the same rules as alcohol like you have to be 21 years old to smoke Marijuana just like alcohol the Government profit off of alcohol so why not profit off of Marijuana, the Government also profit off of human beings. In today society you have all of these drugs that kids can get at the gas station or corner store those drugs are worse then Marijuana and those drugs are still being sold to kids legally. Some people drug of choice is Marijuana or Alcohol these two drugs should be the only drug to be legal in the united state. That's how I feel about the issue. If the government can't legalize Marijuana then alcohol should not be illegal. You can't have one drug legal then the other drug illegal that a double standard. Every body knows Alcohol is Caucasian drug of choice right along with native now Marijuana is African American drug of choice right along with latino now Asian they like these white rice and there Marijuana so let's get Marijuana legal then that will cut down on crimes as in selling Marijuana. When that happens tax payers money won't be used on trying to put people in jail over smoking Marijuana well now you know how I feel about this topic well I'm about to park my mind until next time take care B+B viewers I will leave you with a poem I hope you like it.
