

Corinna

I was just laying here thinking about you & And I wrote this for you & And I hope you like it. It has No Name other than to you. The one it's for
~ Traped in this cold and darkend cell.

& A broken Vessel of who you once knew.

I'm lost to a world and a Angel I once knew
My curse Never again to find some one like you.

That I remember being as beautiful as the most
tempting of sins.

& And then like a light out of the darkness you find
me.

Is it a dream a fantasy or some drug induced illusion
of a past reality

That makes thoughts fell my head of a time warped
and dark

& And I remember even then you were the one that
was my light in the darkness

& And Now I look to the Gods to find a way to get you to
stay. ~

I know your mad at me right Now. & And I understand
why you would be. & And I'm really sorry. But I rather
tell you the truth then lie to you. I hope you can find it
in your heart to give me a chance to make it up to you
if you'll let me.

& And trust me with all the drugs I have done. I'm really lucky
to remember anything at all.

But I really hope to hear from you soon
