

WHAT IF? By: XYZST

What's up everybody,

It's your boy XYZST, choppin it up with you about What IF?

What if things don't turn out the way you want them to?

What if you get into trouble again?

What if you and your Mom's can't patch things up?

What if you don't graduate on time?

1. There is no problem you can't control at your own pace.
2. Maintain your focus and never give up.
3. Embrace the word No today as an opportunity to embrace the word yes in the future.
4. Education and growth is a process, find a program that allows you to work at your own pace.
5. Ask your Mom if she feels the same as you do about disrespect.

What if things begin to go perfectly?

Are you ready for everything to be all good?

What if you just started enjoying being young for now?

What if you started believing in yourself?
