

REFLECTIONS TO THE UNIVERSE

[IS THERE ANY BODY OUT THERE?]

LOOKING FOR MY LOUD VOICE...

BARBARA TURNS OFF THE LIGHTS

ON MON., MAY 13, 2013, Barbara Waters, 83, ABC THE VIEW.COM, amid much fanfare, with an esteemed audience, called it quits Next Year MAY 2014, after 52 Years 1961, ON the Air.

But circa 20 Years too late by Team Rosie O'Donnell, who correctly and lovingly counseled her to retire in PIPE SEASON.

Unlike in olden days when networks retired its valuable stars, a'la Lucy Ball, c. 1974, with dignity and crowd begging for more. Nowadays, they go on and on ad infinitum a'la the great Larry King.

But Waters is a UNIQUE and tragic case with societal perennial extreme NOXIOUS CONSEQUENCES.

Rather than gracefully leaving the Public Stage, Waters reinvented herself in the "gangsta" style guise nowadays in Vogue. She wrote a BOOK EXPOSING AN ADULTEROUS interracial affair; thus establishing street Creed. She surrounded herself with younger female companions, who flaunted terms like "Bitches" and "smooched" each other.

But the irreparable Damage done was her using her high esteem and Power to turning Barnyard gossip into Public Policy [contrast Phil Donohue show "Public Value:"].

She used her new persona to vanquish the VOICELESS and Powerless, to mention a few - Nayda Sullivan; Casey was guilty because she didn't smile, however, Amada Knotts was innocent because she did. Mimi Alfred was exploitative in her book [JFK] in re. Paul McCaigtry, now married to her cousin,

Nancy Shevell-; divorced wife was so evil that Laura Ingraham, conservative TALK SHOW RADIO Host, guest panelist, on "THE VIEW"; was moved to come to her defense in face of waters self-interested viciousness.

Ironically, she doesn't abide her own hot critics.

Yet, she is all kisses and sweetness to the powerful like Presidents, Donald Trump, and those with loud voices; albeit, thought offensive like ABC Jimmy Kimmel.

"The Hot Topic" epidemic is spreading like unabated wildfire.

Now the mass media is gushing with multi millionaires gossiping on in significant socially irrelevant information, on CBS THE TALK; Fox WENDY WILLIAMS and NBC TODAY, to name a few. That the insatiable need for Barnyard Gossip must be constantly fed.
