## NASIR TEACHES THE "YOUNG THUGS" HOW TO DEAL WITH (WOMEN) !!!

Now, to start PLEASE Note that By NO MEANS am I promoting the Thug life per-se. Nevertheless, (I) was once a young Thug, and although to many, being a Thug may seem like a simple or EASY task, it's not. growing up in the Thug life is really a struggle to the core of any young teen or adult. Not many make it out of the Thug life and only a few emerge with all limbs - spiritually Grounded; Responsible and Mature. Out of "that" few most are Incarcerated Aching to tell their stories or they trying to REACH out to their little Brothers - Nephews - Cousins and other young Thugs who've ended up ON the "Thug PATH"...

what I'm about to say may seem Quite "Controversial" at first glance but it takes a wise eye or intellect to grasp what comes next... I will say that BECAZ I've BEEN and done the Thug Thang amongst many other things in my pre-conscious / Islamic state of mind, I have the Right and Ability to Teach a young Thug A few things that will Help him emerge a better (man) BE HE Thug or Not...

One of These things, or my teachings is about a young Thugs Dealings with young women or women in general... I'll also like to say that I wish I had a "Thug Teacher" (sort to speak) when I was

(2)

Coming up in the ranks, someone → in essence lace me with the "thug game" from a "conscious point of view." This (can) be done even with the usage of a Thugs' Languish or Dialogue! ... I think it is important to speak → people in their tongue, dialect or style in order that you reach their "intellect" a lot EASIER! ... I say that to say, I'm about to speak "thug" to the (young thugs) about "WOMEN" so please excuse my languish and try to grasp the wisdom therein....

What comes next is a list of about 91-92 things a young thug should know about dealing with women.

1. First things first. Straighten "yourself" out first. get your mind and money<sup>right</sup>. When you've got that, pussy will come to you with ease. And when you're ready, "the right woman" will too!
2. Don't Rush. Most men don't meet "Miss Right" until their late 20's, or mid 30's. Until then, you're bound to go through a gang of "learning experiences" that will prepare you... Note: you don't buy every car you test drive so don't marry the first girl you meet!!
3. Watch where you stick your thing. It's only one → a customer. If you scared of what you might catch or what kind of Bullshit Baby Mama she'd be, then don't even worry bout the Condom breaking. Just leave the pussy alone and be her buddy!
4. Pay Attention. "Watch women". Listen to them: Ask (them) what (they) "like" and adjust your game so you ain't selling (apples) to people who like (oranges)!!

(4)

straight molester holding hands with a female who look -  
act - talk and walk like she still in "middle" school!...  
try Jammin with an older and or more mature woman  
and see what it do let her school you!

12. Strap up. if yall aint married, "strap up." aint (No)  
pu\*\*y so good that its worth a "slow-death" or (un-planned  
kids)!!

13. Do not (Buy) Her love. Money is a tool for  
making life better for self and the less fortunate. you'll  
(Never) Be able to (Buy) true "love and respect" from a woman.  
I promise!!

14. Do Not let a woman screw up your life. if she's  
got you Beefing with your Brother or Momma, give her the  
boot (Quick). A good woman will (Never) bring drama with  
her!!

15. Don't change. Especially if it aint for the "betterment"  
of (self) Any AND every woman will try to change you (But)  
won't respect you if you change "EVERY TIME" she say so.  
grow up at your own pace. A bad woman will try to  
turn you from a schoolboy to fate thug in a split  
second, or from a real thug to a pretty boy. Meanwhile  
your boyz are looking at you like a sucka..!!

16. Do the right thing. if she say no - Respect  
the no. If you slip and make a bady dont run. If  
she's sick go see her just as quick as you would if  
it was a booty call!!

17. Check out the tree that the apple fell from.  
if her mama is fat, maybe you better hide the twinkies  
from your girl. If her pops a no good thief, maybe you  
should hide your wallet at night... (I'm just saying)!!

18. Karma can be a bi\*\*h. If you keep sh\*\*king

(3)

5. BE CONFIDENT. Nobody wants a "loser". Being "That Dude" starts with believing in yourself. A woman wants a man she believes in, and that's usually why a thug can take a girl from a good-hearted nerd in a split second. (I guess that's a good note for you nerds out there, \*stay nerds but "cop some confidence")! <sup>160</sup>

6. let her choose you. you don't need to compete. if she knows what she wants and you're it, all you gotta do is show her.. fuck fighting over her or for her attention.

7. Don't choose no "DUMB (fine) female"! <sup>161</sup> Forget fine. Worry about the dumb. The dumb will make you forget about the fine in no time anyway, meaning she so dumb you wouldn't care if she fine no more, you'll just <sup>want</sup> to get her away from you!!

8. make sure she got something going on for herself. Don't choose no broke, drop-out female with a perfect A\*\*. The A\*\* won't last long but uneducated and brokeness will!!

9. make sure you got something in common to talk about. If y'all ain't interested in the same things, it's not gone work no-way. If you really wanna go to a place like Africa and she thinks Africa is made of mud, "you gone be miserable buddy"!! <sup>162</sup>

10. make sure she wants the best for you. Any girl who don't want you to stop smokin - drinkin - hustlin or gang bangin don't really give a fuck about you no-way! She's using you for the short term. "get wise"!...

11. step your game up. Don't chase "young girls". They too simple and don't know or want much. Actually they don't even know what they want. You'll look like a

ON WOMEN, it's only Natural you'll get sh\*\*ked ON too.  
EVEN if y'all just fu\*k Buddies, dont lie to them, if you  
got 3-4 girls on line dont BE acting like you "Mr. Faithful!!"

19. **DON'T loose NO SLEEP.** If she's gone cheat, she's  
gone CHEAP. If you think she's cheating THEN why you  
even with her?! Do what you supposed to and choose  
Right AND you won't have to worry about her exceptin  
Behind your BACK.

20. **Read a Book!** ... it don't and won't hurt to Read  
A Book or To BE educated. EVEN a female who loves Thugs  
would RATHER HAVE a "Smart Thug" THAN a DUMB ONE (trust  
me)!!

21. **MAKE SURE Shes your "Better Half".** Not a New  
"Mother" To BE spoiled By, or a "daughter" you NEED to RAISE!!!  
- STOP -

That wasn't so bad now was it.. Surely I  
could BE using this form to say something like, "Here, Read  
this Surah out of the QUR'AN" or I could BE shouting about  
How they'll (yall Thugs) going down the wrong PATH and the  
like, But I'm a "Realist" I (know) that "Consciousness" and  
"Flying Right" is a calling that must come from (within), so the  
Best (I) could do is show and/or advice you young Homies  
How to Avoid Pit falls or as many as possible with a  
"Positive and Productive" twist. like I said - I too use  
To BE a Thug, gang member, Player, gun slanger, Drug Dealer,  
Con-Artist amongst many-many other things, Not to mention  
I've Dealt with almost ever caliber of woman you could  
think of, so I could say the things said above based on  
much trial & error... (trust me)!

\*\* surely I could've added ALOT  
more to this list but it's better  
to BE "Dulce's simple" with things \*\*
