"Gods style"

What Can I Say  
To entertain an angel  
Words are like little flowers  
That are stratigically planted  
Making dull words to shine  
Throughout time God showed mercy  
Then sending Jesus to redeem sin  
Angels rejoice when man repents

The Department of Corrections continues  
to fly thier flag of corruption... Just like  
a preditorial nature Thier aggressiveness  
Defys Laws.
