

# Blog... Fight For Freedom...

5-22-13

There is never a day that prison is cool, its the most lonely place on Earth there is no family or real true friends they are really hard to find in the belly of the beast but the lord will always be with you no matter what. I love to share my story with the youth of the future and the parents, just maybe I can help save someone from this nightmare that I continue to live and I can only be grateful to the lord for seeing me through this madness, I am now walking in the light of the lord and I have a long way to go to grow in my walk but I am willing to go where ever the lord wants me to go, I pray that its the lord's will that I go home soon, and that is a true blessing and I am so thankful and I continue to share my life story and the lord has blessed me this year, the lord is showing me everyday the lord has great love for a sinner like me, glory be to God.

HERE IN CALIFORNIA there is a prison over crowding problem that has and still is harming inmates, so a three judge panel has stepped in to solve this issue, there are a lot of life term inmates that are part of their M.E.P.D. as for myself I am over a decade past my date, I am a first timer that has been incarcerated for over three decades and if its God's will I will be home soon praise the lord, I feel that is what will happen this time and I am so thankful you know, I plan on doing my best to give back to society and help all the youth of the future that is one of my goals for sure, I can say that if I would have had someone to talk with as a teen, maybe I would not be here today so I do understand how important it is to be there for our youth at the most important moments in life.
