2013

I would like to give a quick Hello to a friend of mine's wife... This Teddy Bear really enjoys our conversations. You are a special woman - and I know God has his hand on you both.

Next - Book man -

I have not forgotten you, (ever) - just a quick note thank you for the books. Our Chapel Library really needed them. When things start to get in order, I'm here. Would love to hear from you. I love you man.

"Father's Day"

first, "my father"

Pops - I hope you liked your poem - I had a friend read it, and he said it sounds like the start of a 9th step, in song - Dad, I love you please hang on til I get there.

To my children: I don't have the words to say except I pray my sorry life doesn't bring you any more grief than it has. My cowardness my whole life caused you many hardships. For what it's worth. The Bits

JUNE 12th 2013

And pieces of your life that was shared with me has made me proud of your courage to live and be happy. MAY-BE ONE DAY??!!?

Happy Father's Day to all the men who know this want to have just one wish... And who know the complete feeling of loneliness on this day, when we shouldn't.

Believe me, this isn't a pity party, I've thrown many of those and nobody ever came. The great thing about this day is... my Higher Power will let me spend it in a 12^{STEP} meeting where by the way I just had my 2nd Birthday - That's right my gift to you J. H. K. J. two years clean, sober, and case free. I haven't had any disciplinary cases because I'm getting rid of my character defect that had me doing the things I did in the first place.
