

MY RANT

I'M SORRY ABOUT YOUR MOTHER. I CAN'T EVEN IMAGINE THAT..... YOU'RE SO STRONG. YOUR WORDS ARE WISE TOO. KEEP YOUR HEAD UP!

A comment by college kid
to the A conscious reflection
piece submitted 4.2013.

What's amazing is, I never knew she was suicidal. Or maybe they caught up to her. Her demons that is. But she was found dangling from the ceiling with

one a strong cord around her neck and one wrap around her ankles. They said she killed herself. A suicide. I can't believe it. Oh, well! No love lost. That sick bitch tried to kill me so many times I lost count.

I was elated when I heard, my young male sibling disappear. Maybe his demons caught up with him as well. ~~AS~~ Took him to a good ole barbecue... He was in to being a vampire so maybe he got tired of existing and decided to venture out into the light from the darkness that embody him, consuming his soul. Therefore finding himself at a shore front looking at the sea. Screaming with tormenting sorrow at the horror of his action of his pass life as the sun rise peeling away his brown skin, the skin he hated. The skin he wish he was never born in... when he enter into the sea to never be found again.

I would tell him, remember where you come from. But for black people like him he, they wouldn't get where I'm was coming from... and since he amongst the lost and never to be found it make no sense for me to give an explanation now. I often thought of why I should hate him. Knowing he gave me enough reason to hate him. But he and the rest of them are pathetic. And so. It serve no purpose for me to hate a pathetic soul. Their own self hatred will eat them alive.

There is no such thing as, one consciously doing an injustice acts and good acts. That's not how it work. Once you do a conscious wrong, no I or any good act will balance out the bad act. That's ~~not~~ how it work. There is no wrong act that's more right than a just act. The confuse and lost is unable to differentiate such logic... so their philosophy emulate their psychosis. If you going to come, come correct. When the unjust express hatred its view as distasteful. When the just express hatred what one see is the display of art.

A CONSCIOUS REFLECTION

YOU ARE A FOOL TO TRUST ME ..

The only thing that I have abundance of, ^{is} ^{or} IS TIME TO THINK, TO THINK ABOUT THE PAST. THE PRESENT. THE FUTURE. THE DIRECTION MY LIFE IS GOING. THE DIRECTION I WISH IT TO GO. THE CONTROL OR LACK THEREOF I HAVE OVER MY LIFE. AND THE CONTROL I WISH, DESIRE, DREAM, WOULD LIKE, TO HAVE OVER MY LIFE. MY ENVIRONMENT. THE REASON WHY MY ENVIRONMENT IS SO, SO-SO! AND THE REASON FOR THE UNHEALTHY STATE...

And the answer is quite clear. I always say. IF YOU WANT TO KNOW WHAT YOUR GOVERNMENT THINK AND FEEL ABOUT YOU, VISIT YOUR STATE JAIL OR PRISON. SEE.

You have alot of people with their sick, twisted, distorted view of how people should act. what they expect of them. And what they demand of them.

RANT TO RARE

Their belief of Retribution if they don't meet all of
the above. That are government officials.
When people speak of checks and balances within the government
Apparatus. Well! They have a long standing check and balance
system within the Department of Correction to stop government
abuse. It don't work. It don't work because it's too closely
connected to the chain of authority. Often, the same people who
conduct the abuse conduct the investigation. Their sole goal is
clean up. Hide their shame. If you don't have money, public
support, visible government support when the abuse occurs
then prepare yourself for a long fight that you most likely
won't physically, socially survive...
If you don't believe me. Log on to West Law or some
other law website and research governmental / prison officials
acts of abuse committed against imprisoned American citizens and
see how far you are away from being an Oscar Grant...
You! MAY come to determine that you're not that far away.

A CONSCIOUS REFLECTION
OF MY LIFE.

Hey!
I see I have
viewers.
It's my print to
small.
Don't only be a
taker, receiver,
be a giver, a sharer.
My goal is to establish
a community support system.
You can be a part of it.
And see circumstances
change. So change is to
acknowledge the
It's the process of life.
