

# Corina

Hey whats up? I was just laying here thinking about the first time I seen you. I told Dawn I didn't think you would give me the time of day. But we ended up having alot of fun. You remember the time we unboxed for your sister and her boyfriend that was fun. or the time we went and help your mom with the pool etc.

But anyways as you already know more then likely Suzie is really mad at me because I want to talk to and be friends with you. But I dont care and I'm really hoping we can try to be friends again. And I hope I havent said anything to make you not want to if soo please forgive me I'm sorry.

Oh and just to let you know if Suzie tells you anything bad about me its probly some what true to some point I have gotten into and done alot of stuff Not all good. But I'm really trying Not to be that person any more. And I dont want anything from you Corina. All I'm asking for is friends and maybe some pictures. I just hope you'll give me a chance. But its all up to you. And I really hope to hear from you soon

Joe
