Autogeneration

My mail has been held up by the dictators within this obscurity.....

A female born & raised in the UK!
So your world must be different from mine.

I hear the UK females are stronger and wear sexier clothing. They are equal to men and show it. Is that true?

So if you choose to study neuroscience, you will be busy for 20 years? That's like getting married. ☺

Talking about the human brain, is it true that in a dangerous situation our frontal cortex shuts down by 90% and our brain starts firing off commands to our limbs to move us away from danger?

Try reading: Deep Survival, by: Laurence Gonzales.

I just started it and its really good!

How old are you?

You know you can also send mail directly to me?

What kind of books do you read?

What are 3 things you love to do?

Do you consider yourself, nerdy, brainy, sporty, popular, adventurous?

Any tattoos or piercings?

Take Care Grumpy Owl ☺!

Always,
Juni Junjo
