## All About You

sybilcar@com

I'm willing to do, whatever it takes,  
no matter how many miles, or steps I have to make,  
It wouldn't matter, if you were on the moon,  
Knowing that I'll be following behind you very soon.  
If you made your home, somewhere in space,  
I'll travel all those miles, to see your pretty face.  
No other can compare, I'll always put you first,  
no other woman has my love, others make me feel worse.  
It's all about you! I have no love for nobody else,  
you have given me happiness, when no one wanted to help.  
If you were on a deserted island and I had a canoe,  
I would paddle in the raging seas, to be there for you.  
If you were, on the other side of the planet,  
I would come for you, just so you, wouldn't be stranded.  
I love you too much, to just leave you alone,  
getting lost in your love, making your heart my home,  
you make me feel different, kind of hard to unfold,  
Kind of hard to describe, for I'll never treat you cold.  
It's All About you, I really can't figure it out now,  
how you have changed me, constantly making me smile.  
you can be a million miles, up there with the stars,  
I'll be there baby, no matter where you are!  
Skies is the limit, on the things I would do,  
it really doesn't matter, because it's all about you!
