

1/2 Black, 1/2 Piano  
by: XYZst (exist)

Trapped in a prison cell  
Frenzied for these ebony and ivory  
inside of me, live a passion to get high and free

Stop lookin' at me like I've lost my damned mind  
Just read between these lines  
of the signs, of this dark time

As soon as I got to death row  
the demons tried  
And Jesus said he'd never leave me, redemption lied

Not understanding the dynamics  
this lethal hex  
if I'm correct about mathematic's  
My numbers next

Before I leave this planet, damn it  
poison my heart  
until then, 1/2 Black, 1/2 Piano in the dark
