

Happy 4th

Dear Readers 7.7.13 Happy fourth of July!

Hi, and Sorry I know its been sometime since my last letter. I honestly can't recall the last entry. Well My family has finally come to see me again back in June. It's almost been a whole year. They say they'd visit again in December.

Well Its almost that time again, when what goes up and never comes down. I use to like my Birthday and now not so much. I will be 25 on the 25th of this month. Some one said to me that its a good luck thing to have ur age match your birthday. Can anyone confirm that?

Oh! and to the person who helped answer my major question about my father and I thanks for your advice very much, we now have a type of understanding. Though it is very hard to get him to open up.

A friend of mine passed away in a car accident his name was Chris. A good kid, cool friend. Even though I have around 27 years left I was hoping to see him again. I guess in away I will. That is if they let me in. ⁰¹⁷ one can only hope & pray.

My stories seem to have hit a wall. ~~usually~~ usually when I get blocked I go on to the next story but I haven't written anything in about 2 months and I have at least 10 or so stories... Yeah, 10. I just finished writing ~~one~~ of one. The other nine are just coming out of the Intro stages... ugh.

Well not much else to say, but it feels like I'm simple writing a journal more than a blog. but at less I can get things off my chest on some topics. Hope to hear from someone and thanks for reading take care and

Happy 4th of July!
