

TRANSGENDER "Prison Romance"

He whispers promises
Of love and life
After this nightmare ends
Swallow it whole
Because you love him

True love he says
And you feel it
In the depths of your soul
Swallow it whole
Because you love him

Forgive his wanderings
"It's just how I 'am " He says
Swallow it whole
Because you love him

Split lip
"sorry, my hand slipped"
Swallow it whole
Because you love him

Love him with all your heart
He promised "It will be safe"
Swallow it whole
Because you love him

Seven years later
we're still together
He's going home next year
He found another...
She's a 'REAL' woman
Swallow it whole
Because you love him

The truth sets in
Cure for masturbation? Convenience?
IT WAS LOVE!!!!
Swallow it whole
Because you STILL love him...
