

Thanx 2 Pain

Me and my best friend Pain,
He was there when my dad left,
He was there when I joined that gang,
Betting my next meal on how the dice leapt,
Told me don't be stingy and share him with the world,
So in essence I became the reflection of Pain,
He knew everyone yes Pain was very popular,
He introduced me to all the other friends I gained,
It's Pain's face I seen when those friends passed,
When the girl I loved so much turned her back,
When the judge's gavel banged I heard Pain laugh,
Pain pulled that trigger but I couldn't tell the jury that,
He is the only one who has never abandoned me,
Sitting in my cell our conversations are abysmal,
Pain showed me the power in me I say thanx,
No function formed against me shall succeed I'm unbreakable,
