C.J.P. It was good to hear from you
old man. ☺. must be on some airplane
going to some country, taken care of business.
Some one has to do it, I have begun typing
up the book I got to 17-18 pages and re-read
it. I don't believe I paint a good picture (go into
detail) enough and realized, I left out little tid-bit
here & there. Just wanted 2 hit you back, while you
are on the road. Be safe and may the Almighty
keep you in his favor.
