

Dear Rita,

Heads! I'm trying to catch up on responding now that I have more time.

I'm so sorry to hear about Clementine. That was so wonderful of you to take care of her. What a blessing. I know that a lot of people say this, but she really is in a better place & having a new adventure.

That's cool about your writing course. I'm not sure if I could be dedicated to do that.

How did your visit with George go? And where else did you visit & where'd you go? I do pray that his hearing goes well. The laws in this country are insane. He'd be much better off in Europe. I wish him the best.

Yes, I do love chocolate. Love it. I can never get enough chocolate. I have heard about Belgian chocolate. I'd like to have some right now!!

Thanks for your quotes. I hope you enjoy mine.

Hugs,
