

A Prayer For Joe Davies

Since 2011 I have received a monthly visit from Joseph Davies a volunteer with Prisoner Visitation And Support. I learned today that Joe's cancer has return and Metastisized to his brain. I am griefstricken for this intelligent, funny lawyer who came month after month to see those less fortunate here at ADX and whom I considered a friend. Joe's illness made him unable to explain in person why he could no longer visit so since I cant tell him how much his support meant in person I will post it here for the world to see. Joe is a special person and I pray he will recover so I can one day laugh with him at one of his silly jokes. Pray for him please. I will truly miss him.
