

WHERE could she be?

8-10-13

"I dream of the Day"

I dream of the Day
love would come my way
And the woman of my dreams
would look me in the eye's
And say it will be fine.

I dream of the day where
I could be the man people
need me to be and that's
free.

I dream of the day where you
can trust in me your all I
want everything I need

Girl sunsets anywhere you
are,
Only cause I dream of the Day*
