"My Roach & I"

My roach & I came to be - Trusting
Around the corner she ran into my cell
With many others right behind her
It was like Spains running of the bulls
Up the walls they did Jet
And just like Humpty Dumpty they fell
Upon my Roaches back She wiggled -
Antennas feet & all
How can anything be so Clumsy
& be given such a bad rap
I tell you it was love at first sight
My lady roach & I
