

## "The Verdict" August 20<sup>th</sup> 2013

I am disappointed to hear that George Zimmerman got acquitted on the murder, of Trayvon Martin. What a shame! This proves my point the "Court System" here in Florida is Crooked. Sybrina Fulton, Tracy Martin (The Parents) of Trayvon Martin are seeking justice it wasn't served at all.

George Zimmerman hid behind that "Stand Your Ground" law that's here in the state of Florida. This law is used incorrectly and it bias I feel it needs to be repealed. I wonder if Trayvon Martin could've stood his ground that rainy night on February 28<sup>th</sup> 2012 on that sidewalk, would he? Think about that People! He was innocent and, defenseless the night of his murder.

Coming back from the store "walking through the neighborhood" with a Iced Tea in his hand and a pack of Skittles Candy in his back pocket, with a Hootie on his head. George Zimmerman act towards 17 year old Trayvon Martin's death was "Racial" and "Inhuman" this lunatic walked away scot-free that taboo / I feel his penis and, testicles needs to be cut off and, thrown in the river, and he needs to be shot with a gun. He took a life he didn't give his life needs to be took the same way. The government needs to create some type of "Gun Control" law here in Florida this is sad I feel like President Barack H. Obama and his administration plus Governor Rick Scott needs to do everything they can to prevent "gun violence" here in America because they have the Authority and Power to end this once in for all.

And, they need to "BAN" all guns, knives etc. To others who misuse them to harm each other. Whether they have a "License" or not to carry them. George Zimmerman definitely shouldn't be "FREE" today. I hope and pray Trayvon Martin "parents" get the "JUSTICE" their seeking for own their son's behalf.

REST IN PEACE R.I.P. Trayvon Martin.

All Power to the People / Of Conscience .
