RE: BLOG MATERIAL FROM THE CALIFORNIA GULAG

Dear Concerned Reader:

The Crooked political figures in the slave state of California are relentlessly defying the **U.S. Supreme Court** and adamantly seeking to hold on to as many "slave" as possible.

You have one band of crooks in black robes, telling another band of crooks in silk suits who have been trafficking in the human slave trade so long, that they have long ago lost all forms of reasoning, logic, compassion for another human being or the spiritual respect for human decency.

However, anyone single spiritually connected individual knows, or should know, that those who serves the devel are only connected to the financial benefit of human suffering and mass confussion and the total opposit to right. The world dont have to look to North Korea for inhuman slave labor camps, any damn fool can see that North America's the world court master of slave labor camps.

Known for locking a man, or woman away for the remaider of there natural life for not having the discipline to over come there severe drug problem under the financial thoughtout scheme of the Three Strike Slave law. Stay tuned to channel /1607/.

Sincerly
