NYC "STOP AND FRISK LAW" RULED
UNCONSTITUTIONAL AS APPLIED TO
MINORITIES, AUGUST 12, 2013.
NEWSHOUR PBS. ORG

New York City, August 12, 2013, a Federal District Judge ruled its "STOP AND FRISK LAW", as applied to minorities [i.e. mostly blacks and Latinos] were in violation of their 4th Amendment Rights by being stopped and searched [persons] without warrants; and were racial profiling. Thus racially discriminatory of 1000's of Peoples Rights since started a Decade ago.

The court appointed a monitor to oversee remedial measures to bring the Law within constitutional standards.

As everything old is new. Mayor Michael Bloomberg and his Police chief

Kelly Manifested outraged Righteousness
So Reminiscent of the 1960s Birmingham
[AKA Bombing] AL., Police Commissioner
er Bull Connors. Mayor Brodberg vowed
to Appeal.

. ON August 13, 2013. The Newshour PBS.
Org. interviewed two of the case Plaintiffs;
one David Overlight. Naturally they are
ecstatic to have their Rights vindicated.

I Project that because Judge wisely
used the "as Applied Standard"; but-
however, did not overturn the whole
Law itself, he can not win on Appeal.
