Mr. Watson:

Regarding your letter dated, July 30, 2013, inquiring about the aliases listed under case CR21814. Despite my research efforts, I am uncertain as to the source of that information. Our computer tech staff believe it happened around the time we transferred data from an older database to a newer version. Since our presentence report on this case and a current CA Dept. of Justice criminal history for you makes no mention of any known aliases, it has been removed.

Sincerely,

Supervising Deputy Probation Officer &  
Custodian of Records
