Go ahead & laugh

Tho' it's all I have

No money

No flashy cars

Just this huge

Thumpy

Hungry heart

And you look like you'll do

As the main ingredient

In its stew

But, unlike Dahlmer,

I don't dig dudes.

Sorry,

Didn't mean t' sound creepy

(Though I do like feet :))

But - whoo! - I'm needy

Horny 'n' greedy!

So, dig my deal

Think it through

'Cause no one out there

'll crave you like I'll do

Do you out there
I'll take the scraps of you!

Note: Sorry that

this doesn't match

the sublime passion

of Spoon Jackson's

"I was afraid this would

But I dig it &

it does express

a facet of my

desires.
