

I think you should read this post Pg 10F1

If your reading this post then it might be something you needed to read... I have something very important to tell you... you alot more special than you believe or that people acknowledge.

Im sure that life can get chaotic at times and you may even feel like breaking down and giving up on so many people and responsibilities... But you dont and I need you to know how special you are for simply holding on when you feel you dont have the strength to do so.

If I were as strong as you I wouldnt be in prison right now but I consider it an honor to be able to learn from your strength. Right now your teaching me that sometimes life just gets hard but you still have to do what you have to do to make it.

I dont know how to thank you other than to Thank You. So please lift your head up, shake the dirt off your shoulders, and keep inspiring, motivating, and being so amazing.
