RE: THE EXODUS OF THE LOWER CLASS AMERICANS FROM HIGHTECH
ORGANIZED NEW WORLD SLAVE COLONIES

Dear Concerned Reader:

The Governor of the state of California along with his Legislature party of organized criminals are once again attempting to transport slaves to other state in an attempt to avoid freeing human ~~property~~ of the state of California.

If the United States President Barrack Obama and the United States Attorney General Erick Holder knows that there is overwhelmingly racial inequality in the legal system and the way inwhich Americans of lower class structures are thus prosecuted and sent to colonies, especially blacks and hispanics.

Then the time for talk is long over due, and action is at hand for the long forgotton, and the lower class and extremely oppressed man and woman who has been tricked into a condition of organized hightech slavery by the rich, powerful and extremely greedy who'se only God is the Money inwhich they place all their trust.

Not only should the feds get directly involved with the corporation of CDCR, but they should go one step further and have a team of auditors examine all of the books in every-single prison going back for the last twenty years for fraud and coruptions. Stay tuned to channel 1607

Sincerely
