Just finished eating some oatmeal. I've been up doing art work, trying to finish it up so I can send it out tomorrow. I've got to do some writing. I heard in the visiting park yesterday that Cab died, and that another guy Victor has cancer, so many guys around here getting cancer. Medical here sucks, and with this new private company taking over, no doubt, it's going to get worse.

11:41am They called Recreation for this afternoon. It looks like it's going to rain but I'm going. Go out do some dips, pull ups, pushups come back in and finish the art work.

3:49pm Just got back in from the yard. Didn't enjoy it, knees are killing me! I can't walk. Right now I'm waiting on dinner, after that I'll wash clothes and wait on the showers.

Tuesday Sept 24, 2013 7:46am Just finished a letter to my mom. I've got a couple of letters that I need to write, I've got to go to the property room this morning, need to workout and do some art work.

10:42am Just got back from the property room from mailing out a couple of drawings. Wrote one letter before I left.

4:28pm Just finished eating. I haven't accomplished much of anything today. Needed to workout, but my knees are killing me. Hope to have a more productive day tomorrow. Now I'm going to call it a day.
