

SUPPORTED

I read a novel, watching while someone read a booklet-my words-I created. My thoughts traveled to my support or safety nets.

Young in trouble in school or w/ the law. After that call moms was waiting for me. Always there, even now when I act spoiled.

At other times, when I met my first bullies, my big brother whupped some butts. GOD it felt so good. I had a "SUPER HERO" and didn't even know it.

Who knew my darkest moment was coming. Stuck inside prison "they" said eternity. I gotta be blessed because a FRIEND, a HERO-Is there such a thing as a SUPER BROTHER?-showed up.

I'm here! I know! I'm anointed! Faced with the impossible, I AM incredible, I walk through it. 9-24-2013 between 2:30-3a.m. I recorded this.
