

hello willsmom24. Thank you for your post.
first

anyone who chooses to can write me
a Barebones letter "no stickers in or on it", or anything,
and I will Reply. (To Letters Not Business
Solicitation).  Dont mind Solicitation,
Get Good offers sometimes, welcome It even,
Just wont write Back unless Im Buying.

I used to Put on more posts, more
frequently expressing my opinions &
Cartoon-izing my life, Trying to show
that It's ok To laugh at your pain, by
letting EVERYONE laugh at mine.

I Got off track chasing
the Illusion of Being wanted/needed in my life
and my Job at The Prison Industrial Sector
as a master fabricator.. There was Nothing
that They thought up, I couldn't Design &
Build.. Im Getting Back into this Blog
thing now, as I've left that Job on 9-17-13
and have Taken till now 10-3-13 to Rest
and Gather my thoughts..

The Management - #1 Guy and #2 Guy
Treated me so Bad that my Direct
Supervisor has since Quit his position
as fabrication shop Supervisor.

I've Probably lost all the
Persons who used to frequent my Blog
with the long periods of silence
Between posts, I hope to change
All that ..

Sincerely 

Look for more/better
Posts soon..
