

Dear Rita,

Hey! I hope George gets out. He's in a state prison + I'm in a federal prison. I last lived in Florida + so far I've been in prisons in Indiana, Minnesota + North Carolina. It's crazy.

I'm fighting another court battle that I lost + am appealing. I don't have much hope with the court system in this country. There are cases where they know a staff member lied, but they still uphold the decision against the inmate. Pardon me, but that is completely fucked up.

Love ya,
