The organization that we, the prisoners of the Commonwealth of Massachusetts, formed - CURE-ARM - is changing its name to:

BREAD & WATER
The True Voice of the Prisoner

There are some compelling reasons for the need for a name change, but they are really unimportant to the cause. Our Mission Statement will be the same; To force adherence to the rehabilitative mandate in the commonwealth with the main goals of commutation reform, parole reform, compassionate release legislation being enacted, as well as dismantling the failed entity that is the department of correction.

More To Come in the very near future!!!
