

Dearest Rita,

10-15-13

Howdy! I'm so glad you got my letter + pictures! I get a little nervous with overseas mail - I'm such a dork!

I am a mutt. I have 2 kinds of Native American: Oneida + Cherokee, along with French, Irish, Scottish + Welsh. And that's all I know of. Tell Karel I said "Howdy" + yes, I do have arms. That was the first prison picture I ever had taken, which was... either this past April or the previous April. I've had a couple more done since then + think they look awful.

Thanks so much on the compliments on my afghan. There should be a picture of it somewhere in this blog (I don't know how this is set up). I expanded on a pattern I have + added the flowers + butterflies. I sent it to my friend Pam to sell it last year + she's done nothing with it. She hasn't even emailed me since Sept. 7 + skipped my birthday. We are not amused.

I am going to have to find a world atlas + look up Samur. There may be one in the library. I'm so glad you've had a great trip. I'm awful at gambling, so I pass on that too.

You always give me a smile! ☺

Your Friend,
