TWO WRONGS, make it Right.

Trading scumbag action, For scumbag action, does little more than show one's lack of morals. It proves that one is no better than the scumbag that they detest. And you know exactly what I'm talking about, America exchanging death for death, Killing for Killing, murder for murder. and then portraying yourself as a civilized, Constitutional, upstanding nation. perpetrating a Fraud! yes, that's what America does so well. One nation under God?!" Never!"

Florida murdering William (Bill) Hupp, on Oct 15, 2013, served no purpose, other than proving that the Florida Government, and its citizens are nothing more than a bunch of low life, hateful, vengeful, blood thirsty scumbags. For all they have proven is that they are more than willing to lower their standards to that of a murder. murdering in the name of God, justice and the American way to make a point that murdering is wrong.

This is one sick twisted society. And the citizens of Florida elected SATAN himself as Governor. yes Rick Scott, a money grubbing, blood thirsty sick individual whose enjoying the power of Killing with his blood signature. A legalized serial killer, that's exactly what he is. Trading scumbag action for scumbag action. For two wrongs, obviously makes it right. so that's the message they deliver. yes, I'm still bent out of shape over the killing of Bill, yes he was a fallible mistake, and I don't like our Government the Constitution, eney, so stop

man, who made a approve. But he, in was not guided by civility, human decency. the Killing!!!"

In Peace + Love
