

SAY what?

ever have a hard time saying something? Sometimes when something needs saying, I can't find the words to say it.

Often when I write I am sitting motionless, thinking, trying to find the words, trying to get MY thoughts and all out; get it on paper.

and sometimes once it's out, once I've chosen MY words, it ends making little if any sense at all... Sometimes it seems that NO ONE BUT ME can understand me.

"except MY B.F.F. ☺"

this is also why it takes me so long to do MY TOONS, the writing comes first and the scenes are drawn around that.

(HEY! You wanna write the funnies?) ☺ - Please

You write the Dialogue for characters on the site here as a comment and I will post the toon as a reply to that a bit later. Come on,

You can do it. Give it a try. everyone add a little - it could be a disaster or the absolute funniest thing EVER... never know till you try.
