ANNOUNCING MY POLITICAL CANDIDACY

PRESS RELEASE

I am using this blogg as a media outlet to announce my political candidacy for the Office of Governor without political affiliation.

This is the only avenue that I have as a option to address important issues of concern on legal grounds, knowing that I am in prison and that I have to follow strict regulations.

It is very important to create a network of citizens who support my candidacy so that I can address the following issues of great public interest:

1. - Explaining how the politicians in this State have been able to project a tough on crime image, while on the other hand, there is a serious problem with corruption within the (3) Branches of the Government; No-one cares to discuss the political correctness of hypocrisy, while the JUDICIAL BRANCH has over-powered the other two Branches of the Government.

2. - I also want to express my concern with the Shool System, juveniles with gang affiliation are infiltrating the school system in urban and even surburban and rural areas.

3. - I am also very concerned with the status quo of the Massachusetts PAROLE BOARD who have become a POLITICAL ANGENCY, used as a stepping stone for appointment as a judge in the state, instead of a tool of rehabilitation; Even-though the Probation Department is under indictment, I would place both Agencies together under new guide-lines of justice. PRESUMTIVE PAROLE FOR THOSE WHO QUALIFY".

4. - We need transparency in every State Agency and that also means the Dept. of Corrections. The problem with nepotism and their perception of seeing Corrections as a Bussiness Industry have to stop. I can't be hypocritical, I know many family members working for Corrections, good hard working people, but that is not the question, there is a great need of increasing morals, design the objectives to pursua and create conciousness of their work, give the Correctional staff a purpose of being a PRISON GUARD instead of second hand Law Enforcement divided between the Civilian Officers. Without any question the Guards Union have spoiled the good intentions of Correctional staff..

I am opening my web-site to address those issues and direct people to my blogg for discussion, so that they can either twitter the subject matter to other friends or E-Mail me with any comments at my web-site. Thank You and God Bless You!!

In the Struggle
