Anything you write interest me, hearing from society, social interaction cheers me up! My thanks for your concern... I would encourage you to take the next step - get more involved. Its life, people that move my writings... working on some more as the days drag on.

I would sugest you read my book - to learn the whole story. feel free to write ask questions give your insights. everyone points out new things in the story, stuff even i didnt see or think of.

My utmost thanks for your kind words.

In Solidarity,
