

## RELEASE LOVE

12-1-13

Forming a negative opinion based on appearance, takes less than twenty seconds. So how quickly does today's society voice an opinion about prisoners whom they only know committed a crime that was law breaking? It's easy to do when someone doesn't look, sound, talk, or think like you.

Anyone who does not love his fellow man... despite his downfalls... cannot love God. You cannot love God if you harbor bad feelings towards others. We are more than flesh - we're spiritual beings - and our God giving gifts, character, values, intellect, and passions are the foundation of who we are... not our height, weight, mannerisms, hair color, age, or social status.

When we realize God loves us even though He disapproves of some of the choices we make, the attitudes we have, and the actions we take, it becomes easier to love others. When we realize our negative feelings towards others get in the way of our love for God, it becomes easier to love. And when we're in communion with our Creator asking Him to give us His eyes and heart... it becomes easier to love.

It may never be easy to love certain people, but when you make the tough decision to love them anyway, the rewards are always worth it. The Bible says, "Love never fails," and when you refuse to love, you miss out on God's best.

So make the choice not to miss out on any of it... God is love, and when you release love, you release God, and He becomes responsible for the outcome. Release love every moment into every situation, every prayer and every thought... it will strengthen... and cast out fear... it's the one solution that always works. Love never fails so release some love... today!
