

I've Barely received your
Comments to my written piece our
thanks for the comment. It is
real amazing considering how my
retaliation was going on by office
when prisoners were speaking on
about all the abuses and cruelty &
they receive free and curtesy of
OFFICERS. Much has been done to not
only distort the character of some
the 'leaders' character but of what
the hunger strike is all about. So
there wasn't a lot of STATE PRISON
TEACHAPI in the
prison where I'm at. However I
thank you for the support that I
showed towards us prisoners. If
Society as a whole gives up on
those it looks upon as the worst.
Is there then, no hope for Society?

Kindly,

BOBBY
