

"Only men need to be loved, sweetheart. Women need to be wanted." - Damma, 'Sons of Anarchy'

Dear Readers,

Howdy! I hope you all are well + happy!

Well, the big news is, my friend "Dawn" finally got out of the Hole after almost 4 months. I think "she" went in around July 24 + got out yesterday. (Note: "Dawn" is a guy white male. We after refer to each other with feminine pronouns. It's a cultural thing.)  
Anyway, as a reminder, Dawn was forced to take a blood test to see if she tested positive for some of the pain meds which they give out at pill line. A bunch of guys were caught up in that, both for buying + selling.

OK, here's the ironic (?) part of all this: even though Dawn was found guilty, she never received any "Hole time" as a sanction. (Her "Hole time" was "put on the shelf" or suspended, pending good conduct.) First, Dawn was under "investigation" for 2 1/2 months or so, even though she had tested positive from the start. Then, after they finally gave her the "shot" (incident report), it took another month before she finally went to her hearing. So, all that time was for nothing. Plus, if she had gotten sanctioned with any Hole time, none of that prior time there would have counted toward it. Fair, right? Not!

Anyway, Dawn is back + was put in my unit. I am glad she's out + I did miss her, but I also don't mind that she's only got 2 months left on her sentence. Dawn seems to think that a large list of guys on this compound belong to her exclusively. It's a bit much. Plus, she uses people. She's got 2 different

(2)

guys sending her money every month, both of whom believe she's going to live with them after she gets out. It's not something I would do. And God forbid I should have something she doesn't! Well, don't think it's all bad. He has made me laugh more than anyone & it is so nice having someone I can talk to who's gay.

I am so pissed. I got a notice today that the 2 magazines I receive, 'Vanity Fair' & 'Interview', were both rejected because of "nudity." This is Vanity Fair we're talking about! It's a classy magazine, it's not pornographic at all. I'm filing a complaint.

I may not have mentioned, but they cut down one tree so far & put concrete over the spot it was located, & they're due to cut down more. This is all to make way for the cameras that the delusional Captain is putting in. He's also supposed to be putting bars on all the windows, including the big picture windows all around the chow hall. It's fucking absurd. Plus, they're spending hundreds of thousands of dollars during a very bad time economically for stuff that is completely unnecessary.

The days are getting colder. Oh, I just remembered - they're also closing the Rec yard now at 6:30 p since it gets darker earlier. Last year, & all previous years, they kept it open until recall at 8:00 p, but I have no doubt that this new development is also due to this new captain. Ridiculous.

Love & Blessings,  
VJ
