

Dear Ribbons,

11-19-13

Thank you so much for reading & commenting. I really appreciate your support.

I'm not sure which writer I was referring to & that portion the text isn't included. My last name is TOWNS. The "T" is a little different 'cause I'm weird. I also initial weird (as shown below). It's just something that developed when I was in a hurry. And yes, it is great having someone to communicate with.

Hugs,

A handwritten signature consisting of the letters 'TOW' in a cursive style, enclosed within a hand-drawn blue oval.
