NOV 12-21, 2013

Tuesday NOV. 12, 2013 6:11 a.m.  
Twelve hours to live, that's what  
Zimbrough has, unless the  
court's step in and give him

a stay. Fox 51 still has him listed for 6 PM. Not  
sure what I'm going to do today, but I've got  
to get myself motivated. Today is Lisa my  
first wife's 45<sup>th</sup> birthday. Thought about that  
when I looked at the date.

9:04 AM. Just went to sick call and seen the  
nurse. I was seeing her about my knee and  
hip, she also said I was running a fever. I  
knew I woke up with a sore throat. so looks as  
if I'm getting sick. I hope it doesn't last.

5:09 PM. I've been in bed all day. Feel bad. Just  
seen on Fox 51 that Zimbrough is still scheduled  
for 6 PM. They said his mother came to see him  
earlier today. I know this is tearing her up. She's  
standing out in that parking lot as the state  
kills her baby. She's out there counting down  
the last minutes of her son's life.

6:07 PM. Zimbrough is laying on the gurney right  
now dying as the witnesses watch. We are a real  
sick nation. one day people in this country will  
look back on this and recognize the sickness of  
this generation. Justice - this is not!

Wednesday NOV. 13, 2013 6:09 a.m. just watched  
on channel 20 wjcb about Zimbrough's execution.  
The family members of the woman he killed found  
peace in an eye for an eye, vengeance for vengeance.  
yes - that evil human emotion of revenge. Can't  
blame them. I'm a vengeful person like they

are. Now the question is, who will they sign next? It needs to be a white guy since their killing back to back black guys. Can't let it look racial, well I need to shave and get ready for rec in the event they call it this morning. Also need to write a letter to a new person that I wrote.  
7:30am. They just called rec, probably want to be very many people going, it's in the upper 40s, any time the temperature dips in the 40s guys don't go out.  
11:30am. Got back in from rec about 11am. It was cold out there, all I did was walk around, as most guys did. I need to write a letter.  
4:39pm. I wrote one short letter and other than that I haven't accomplished anything. Fixing to lay down and call it a day. Just another day on death row.  
Thursday November 14, 2013 7:49am. Well this sore throat has turned into a cold. I need to write a letter, and just see how the day unfolds.  
11:54am. I had to lay down, I was feeling bad. Need to get back to this letter.  
5:02am. Been feeling bad all day. Fixing to lay down and go to sleep.  
Friday Nov 15, 2013 6:25am. Still feeling this cold in my chest and have a sore throat. I'm tired, and probably want to do anything today. Write a letter go to rec, see what happens.  
10:20am. Went to rec, but we were only out there an hour before they brought us back in, some things going on some where we can see 50 plus officers standing out at Popul.

park, so there's some type of meeting and probably a major shake down. I'm fixing to lay down for a bit. At 1 P.M. I go out for X-rays on my right knee and hip.

4:00 P.M. I went over for X-rays at about 140, seen they have placed up cameras every where. I found out what all the offices were doing out there. The warden got them together and talked to them about assaulting inmates. She's not putting up with it. I like her, she has changed this place and brought some honor and integrity to MCI which sorry warden Barry v. Reddish would not do.

Saturday Nov. 16, 2013 6:59 a.m. Not feeling 100% yet. Need to do some writing Christian's, so I've got to break my Bible out. We're debating on this, salvation being free. First I need to get rid of this headache.

5:45 P.M. wrote two letters, and did some art work as I watched football. Fixing to lay down and go to sleep.

Sunday Nov. 17, 2013 7:46 a.m. Feeling better. That cold seems to be gone. I'm going to bath here in a few minutes and get ready for the visit. I wish they would turn the heat off. It's too hot in here. There's no reason to have the heat on until it drops into the 30's.

3:00 P.M. Had a nice visit with mom. Fixing to lay back and watch some foot ball.

Monday Nov. 18, 2013 6:42 a.m. just finished doing some stretches. Going to eat some oatmeal for breakfast and then workout. I've got to get my mind back into working out and away from all

this other stuff.

10:50am worked out this morning, going to do

a little more here in a few minutes. I just

finished cleaning my cell bars floors and walls.

I turned the tv off, too distracting. Legal

mail lady just came through. She's a very

beautiful woman, and really nice. I write a

pastor this morning. I've got a couple other

pastors that I need to write. I'm hoping

to go to rec this afternoon, but I don't

think it's going to happen.

5:45pm. I spent a few hours doing some

art work. Fixing to lay down and wait

for showers.

Thursday Nov. 19, 2013 7:00am. They

just called rec, so I'm getting ready

to go out. May play some basket ball.

1:15pm played basket ball won & lost 3

and I'm paying for it now. My tree and

kip is hurting. I washed clothes, and then

just been sitting here hurting. I'm going to

both here shortly.

Wednesday Nov. 20, 2013 12:40pm. I wrote

a letter this morning to a friend about

censorship. which is deception in my

opinion. I've just been sitting here since

then suffering with this tree hurting.

I've got to finish this letter to a priest.

I've friends with. A Van just came in. I

hope it's not a warrant being signed.

5:15pm Not a productive day, got one letter

wrote and that's it. Waiting on showers.

Thursday Nov. 21, 2013 7:55am. Trying to get

motivated to do some art. I need to finish a

Christmas card, write a letter. and go to rec this

afternoon.

this religious diet. None of the Food here is any good, not even the religious meals.

4:53PM. just spent the day doing art work they didn't call rec down here on the south side, they will probably call us in the morning, so far no warrants have been signed this week, hope it stays that way. Well I'm fixing to sign off for today put this in the mail.
