LET'S SLOW DOWN TO EVOLUTION - THIS
MAD, MAD 21ST CENTURY NEW WORLD ORDER!

Recently, The United States Supreme Court
ruled Teenagers committing serious crimes
can not be executed, nor given life sentence
with no chance for parole - because
fundamentally their youthful "BRAIN" hadn't
developed to where they could make
mature rational decisions.

Similarly, in our society a six years
old [and up to "MAJORITY"] can not
smoke; join the army; drive; marry; vote,
refuse "schooling", or consent to
sex [but can select his own sex!].

The shouting ["Socratic"] begging
question is how does a three years
old know about to ask:

"When are we going to go to
the doctor to have me fixed?"

Coy asked his mother at the age of three: "to get my girl parts?". Id p. 60

PLEASE LET US ALL REFOCUS ON HIS
BRAIN PARTS !!!

OUR SOCIETAL LAWS MUST PROACTIVELY
PROTECT OUR VULNERABLE CHILDREN AND
PROMOTE THE GENERAL WELFARE !!!
