CAN THE FORBIDDEN BUT NECESSARY
BEGGING QUESTION BE ASKED ALOUD!
I KNOW IT'S NOT PC!!

Both Senators Marco Rubio (R. Fl.)
and Ted Cruz (R. TX.) are sons of
Cuban exiles.

SEN. CRUZ father "Rafael Sr., a former
Castro supporter who has no shame
in comparing President Barack Obama
to Castro."

Perhaps their Anti-Immigration
unorthodox & unrelentingly op-
posing Immigration Laws for others
deserving without the sweet spec-
ial Cuban and United States relation-
ship.

Which Practically guarantee automatic citizenship to Cubans who reach our magnificent shores!] stance is but making a fient to distract from their own origin in immigration from Cuba; a Country of Dictators; Revolution and overthrowing governments.

Like Sen. Cruz, who was actually "born in Canada" boldly and going against the "Majority" of his own Republican Party - Shutting Down the U.S. Federal Government to overthrow parts (i.e. AFFORDABLE CARE ACT. GOV.] of the Government which disagrees... he disagrees with last October 2013. And threatening to continue such anti-Government tactics!
