Good morning Karen

I received your comments thank you for your thoughts and opinions. ~~your right~~ it does not save money, nor does it deter murder. No one commits a crime thinking they're going to get caught, whether the crime is petty theft, doing or selling drugs or committing murder. ~~yes, we are led by~~ ignorance. The lying deceptive politicians, that use the death penalty, and the United States judicial system, to further their political careers. The hog wash these unethical politicians sell us. We buy it and as long as we do, they'll continue to sell it. We are blinded by ignorance, over come with stupidity. We need unity between these death penalty orgs in order to abolish. I'm one man speaking out trying to bring change. I need help. We need unity.

Karen thank you for your comments and the intelligent insight you have shared. Please feel free to drop me a line any time. Take care.

God bless you.

In Peace & Love

Bonnie
