First I hope you and your family had a great Holiday....  
& And I really do understand your angry with me for leaving you while you where pregnant. But you know I didnt know you were pregnant and if I would have known I really wouldn't have left you. Because I loved you just as much as you loved me. And I really hope you know I loved you. And to be strate up front with you. You're really the only woman in my life I never cheated on. And if I wouldn't have had to leave I wouldn't have left you. And if I could go back and change things I would. But I cant all I can do is hope one day you'll forgive me..... But what I dont understand is why your so scard to write me I know you say its because you dont know what to say. And you dont want to make me upset with you. But dont you think if I was going to be upset with you I would be already? But I'm not so whats really up? But anyways theres a websit [pay.com](http://pay.com) you can write me on and pay will send it strate to me on this unit the same day you write it. And I can repley throw my Blog its really faster way. But if you cant write me because of your husband getting mad at you I understand. And I dont want you getting into trubel over a "fuck up like me".

But I hope to hear from you soon Lil Bit
