2:01 PM. Just put the art up. I'm going to watch VaTech Play UCLA. which is the only college game that I get to watch.

4:39 PM. Just finished eating dinner. Chicken. I'm going to bed about 6 PM. I'm really tired. Not getting to bed until after 10 PM. and getting back up at 4 am. is just not enough sleep. Hard to believe 2014 is just a little over seven hours away. 2013 was not that bad, and this new Female warden made this place more tolerable by stopping all the illegal unethical activity that warden B.V. Reddish had instilled, so to warden Andrews, hats OFF, she has done a great job. I'm also thankful for having my mother down here and for the new friendships that I've established.

5:48 PM. The games almost over, wasn't very good. I'm fixing to call it a day and hit the bed. Hopefully get woke up in 3, 4 hours to some mail. Need to work out tomorrow. Wish I had someone coming to see me tomorrow. Oh well, I'll see mom Sunday. This is it for 2013, just another year on Florida's Death Row.
